SENECA SOIL AND WATER CONSERVATION DISTRICT EQUIPMENT RENTAL AGREEMENT

I agree to cooperate with the Seneca Soil and Water Conservation District in scheduling equipment use with due consideration of other cooperators and weather.

I will transport the equipment on the road during daylight hours only. In the event the equipment is being transported after dark, I will be responsible to see that all required transport lights are being used and working properly. I agree to use the unit immediately, weather permitting, and upon completion of its use, call the Seneca SWCD at 419-447-7073 in order for them to notify the next cooperator of its availability.

I assume full liability and responsibility for damage to, or caused by, the unit (beyond normal wear) from the time I obtain the unit until secured by the next user or until returned to a storage point designated by the Seneca SWCD. If damage occurs to the equipment during my rental period, I agree to contact Seneca SWCD and work with them to get the equipment to the closest dealer for repair. Warranty parts broken or damaged during normal use will be repaired or replaced by Seneca SWCD unit.

I agree I have inspected the equipment and find that the equipment is in good condition and operable.

I agree to the following payment terms: NET 30 days. After 30 days, a service charge of 2% per month will be added. This is an actual annual percentage rate of 24%.

By signing below, the licensee of the equipment designated herein does hereby for itself, it's heirs, executors, administrators, successors, and assigns, agree to release, acquit, discharge, indemnify and save harmless, Seneca County Soil and Water Conservation District and Seneca County, their employees, agents and assigns, all elected and appointed officials, both in their official and individual capacities, and their boards, employees, agents and assigns, from all loss, liability, damages, costs, and expenses, including court costs and attorney's fees, resulting from any claim or action for personal injury or property damage arising from the use of said equipment. This indemnity shall survive delivery of the equipment under this contract.
